

Plan Your Return to Work:

Preventative & Routine Cleaning

Of employees who feel their office should be cleaned daily...

...over half of them also want their workspace cleaned daily.

Of businesses would likely increase their cleaning frequency...

...most plan to add disinfection to their cleaning programs.

How can Perfect Building Maintenance help?

Schedule Routine Cleaning

Once an area has been touched, it is at risk of contamination again. PBM's long-term and systematic cleaning routines, are designed to consistently keep your workspace safe.

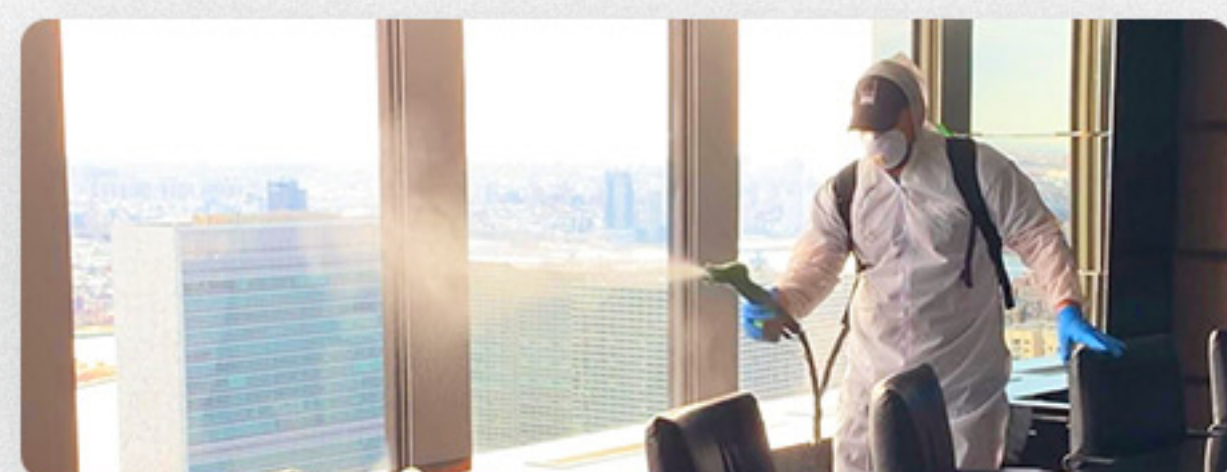

Target High-Touch & High-Traffic Objects

Office buildings and workspaces contain several high-touch, high-traffic areas at-risk of exposure. PBM sanitizes, deep-cleans, and disinfects these high-touch, high-traffic areas.

Use Cleaning Products Correctly

Our highly trained staff safely operates on a 3-step cleaning process using EPA-approved and high-grade disinfecting products.

Our 3-Step Cleaning Method

1

Sanitize

We'll sanitize to lower the number of germs on surfaces and objects to a safe level—lowering the risk of spreading infection.

2

Deep Clean

We'll deep clean by using soap and water to physically remove germs, dirt and impurities from surfaces or objects.

3

Disinfect

We'll kill germs on surfaces and objects by using our manual disinfecting and electrostatic spraying techniques.

High-Touch, High-Traffic Areas

High-touch areas to clean prior to your staff's return and address in the long-term include:

Enhanced Specialty Cleaning Services

Increasing the level of cleaning standard in the workplace while executing in the best interest of your employees is no easy task to handle without help.

Steps you can take now:

1

Create a list of high-risk areas

Identify high-touch, high-traffic areas representing the greatest risks, and make a plan to sanitize, deep-clean and disinfect them immediately.

2

Implement a cleaning plan

Schedule an immediate and ongoing plan with PBM's Enhanced Specialty Cleaning services so that you and your employees can return with confidence.

3

Communicate and educate

Inform your employees of scheduled cleaning sessions, including tips and best practices on maintaining good hygiene in the workplace.
