Physical Distancing

Face Masks

NY Government Mandates

Any time workers or visitors come within 6 feet of another person, protective face covering must be worn (ensuring mouth and nose are covered).

Provide workers with an acceptable face covering at no-cost to the employees/contractors and have an adequate supply of coverings in case of need for replacement.

What PBM Offers

We help set up disinfection tables that include paper towels, face masks, and disinfecting wipes.

A variety of face masks are available for purchase, as supplies last.

Social Distancing

NY Government Mandates

Limit the total number of occupants at any given time to no more than 50% of the maximum occupancy for a particular area.

Post social distancing markers using tape or signs that denote 6 feet of spacing in commonly used and other applicable areas.

What PBM Offers

Social distance markers are available for purchase, as supplies last.

We advise on how to place social distance markers to keep space between your employees or mark a flow of traffic. (i.e lobbies, restrooms, screening stations).

High-Risk Surfaces

NY Government Mandates

Limit the sharing of objects, such as tools, laptops, notebooks, telephones, touchscreens, and writing utensils, as well as the touching of shared surfaces.

Shared workstations must be cleaned and disinfected between users.

What PBM Offers

We offer high-touch point disinfecting and electrostatic spraying options.

Frequency cleaning is available and will vary based on the size and needs of your space.

Hygiene and Cleaning

Cleaning Protocol

NY Government Mandates

Maintain cleaning logs on site that document the date, time, and scope of cleaning.

What PBM Offers

We can provide cleaning logs to record workplace cleanliness and the safety of your employees and staff.

Cleaning Supplies

NY Government Mandates

Provide and maintain hand hygiene stations in office including hand washing soap, running warm water, and disposable paper towels, lined garbage can, as well as an alcohol-based hand sanitizer containing 60% or more alcohol.

Encourage use of cleaning/disinfection supplies before and after use of shared and frequently touched surfaces.

Cleaning and disinfecting of the office's location should be done using EPA approved equipment that is effective against COVID-19.

What PBM Offers

We offer gloves, masks, goggles, disinfecting wipes (Lysol, Clorox, Monk), hand sanitizer (Purell, G-clean), disinfecting stands, and refills for purchase, as supplies last.

Upon request, we offer high-touch point disinfecting during the day with EPA approved equipment and supplies.

Our products and supplies are EPA approved.

Immediate & Regular Disinfecting

NY Government Mandates

Ensure that equipment is regularly cleaned and disinfected.

Regularly clean and disinfect the site and disinfect high risk areas that are more frequently touched.

Rigorous cleaning and disinfection must occur at least after each shift, daily or more frequently as needed.

Provide cleaning and disinfection of exposed areas in the event an individual is confirmed to have COVID-19.

What PBM Offers

We offer frequency options to help regularly clean and disinfect your space.

High-touch point disinfecting and electrostatic spray are offered for disinfecting.

Additional cleaning options are available upon request.

We can disinfect the exposed area within 24 hours of notification. Employees and workers cannot be present during application.

Ask a Client Solution Manager for the EPA Registered number from List N (list of effective disinfectants against COVID-19).
